

Fix the Ferry! NSW Legislative Assembly ePetition

Stockton Community Group (SCG Inc) has established an ePetition with the NSW Legislative Assembly.

The petition calls on the Minister for Transport to immediately:

- Intervene to secure urgent repairs to both vessels and/or source alternate vessels to maintain service
- Facilitate planning and funding support for replacement vessels and future-proofing the service
- Review contractual arrangements with Newcastle Transport to determine the capability of the private sector to deliver vital public transport

The petition will be presented to the Legislative Assembly by Tim Crakanthorp Member for Newcastle.

500 signatures are needed to compel the Minister to lodge a response to the petition with the Parliamentary Clerk. An ePetition with 20,000 signatures is debated in the House.

NSW residents can help us secure the future of the Stockton Ferry by signing the petition via this link:
